EXPERIENCE

Web Developer

Flipcost

10/2024 - Present

Designing, building and fixing web pages using html, css, and liquid Shopify's proprietary syntax. Conducted frontend work including designing landing pages, and theme redesigning using figma to work on UI design. Worked on store merchandising including creating collections and merchandising.

UX Designer
Peraton

06/2023 - 03/2024

Worked on and assisted with feature development. Created solutions for issues that were brought up by stakeholders and users. Researched based on the feature and conducted user interviews, testing, and surveys. Created mockups with multiple levels of fidelity, along with prototypes for presenting and user testing. Aided the transition from design to implementation by writing front end code for the software developers to use.

Web Designer and Developer
Speck Products

04/2019 - 02/2022

Built web pages and fixed the company's websites. Created product categories, and landing pages using HTML, CSS, PhP & Javascript. Worked on making the site ADA compliant and fixed accessibility issues on the site. Created graphic assets for the company's websites. Worked in Salesforce commerce cloud platform, shopify, and wordpress for the company's websites.

Web Designer and Developer
Dino Web Development

02/2017 - 02/2019

Prospected clientele for business to create accounts. Created websites and landing pages for small businesses, mostly restaurants. Delivered clients a brief presentation and a couple design options to choose from. Developed the sites and pages from scratch with html and Sass.
